Other Notes:						
<p><b>Example:</b>  Faybel is a young lady (half-Human &amp; half-Elf) of 16 living on a little farm on Earth and knows that she was adopted as an infant.  Jaylin finds Faybel to inform her that she is the heir to the Eldar Empire, in the Abzu Galaxy of the Akasha Universe, and that if she doesn't at least try to save her home planet, then both her adoptive parents and her birth father could be in danger.  Like most Elvi, Faybel has an eidetic memory (although extremely rare in Humans, it's common among Elves).</p>
